

SURVIVOR made

PREVENTING HUMAN TRAFFICKING AND EXPLOITATION BY PROVIDING DIGNIFIED JOBS IN A POSITIVE WORK ENVIRONMENT MAKING HIGH QUALITY PRODUCTS. We are equipping women survivors with job training, earned income, resume-ready work experience, life and business skills that prepare them to pursue their dreams.

MISSION

Refuge for Women's mission is to empower sexually exploited women to live a life of freedom through faith-based, residential healing programs.

Jobs, confidence and community sum up what Survivor Made means. The social enterprise is creating jobs and income for women who have barriers to employment. Gaining employment skills and earning income are key elements for becoming financially stable

and self-sufficient when transitioning from a long-term residential program to successful independent living. Confidence results from productive work, valuable experience and savings for the future. The ability to begin working earlier in the program and earning an income means peace of mind about the future. It means saving for housing, transportation and basic cost of living expenses. It might mean the difference between just getting out of a dangerous situation and being able to stay out and sustain long-term stability and success.

RESULTS
